

Information for Supporters of Endurance 40/80

We do welcome supporters but please could I ask that you observe the following information.

- **ALL retired walkers MUST be transported back to HQ in official transport ONLY**
- Please only visit the checkpoints that are open to visitors, you will be asked to leave others. We restrict visitors to checkpoints as at some there is only very limited parking.
- Please do be careful where you park as mini buses will require access at all times.
- On every checkpoint the decision of the checkpoint manager is final.
- Please allow the checkpoints to check teams in and out before you try to chat to them.
- The checkpoint teams will try to help you with information etc. but only if walkers do not require help. Walkers must always come first. You are not permitted to provide any additional food or equipment to walkers
- Please do not stop and talk to teams along the route or provide any additional food or equipment.
- We do hope you enjoy Endurance 40/80
